About ACEM and MIB Program

As the first China-based business school triply accredited by EQUIS, AMBA and AACSB, Antai College of Economics and Management (ACEM) is one of the best business schools in China and even in the world. According to 2016 Financial Times worldwide rankings, ACEM's Master in Management ranked 33 and among the world top 50 for seven consecutive years. MBA program ranked 39. EMBA program became the world top 7, and ranked No. 1 in Asia.

Master of International Business (MIB) intends to create a community of diverse cultures, and aims to train and develop talented students to have a comprehensive understanding of global business and a deep insight into Chinese dynamic business environment as well as knowledge about Chinese history, culture, law, and policy.

MIB is a 2-year English program tailored for international students. Since its launching in 2013, MIB program has developed into one of the biggest and best similar programs in China. In the first academic year, MIB students will focus on the well designed courses and have a field study. In the second academic year, MIB students can also have internships, join international exchange programs, and culture experience.

Antai MBA Program: GLOBAL PERSPECTIVE+ CHINESE FOCUS

The MBA program at ACEM is unique in that it offers students a global perspective with a Chinese focus, utilizing foreign professors, exchange programs and courses taught solely in English. Our program attracts top domestic applicants who learn alongside international peers and exchange students. The IMBA is ideal for MBA candidates seeking to grasp both Eastern and Western standards in business, a key advantage as our world becomes increasingly smaller and interconnected. ACEM boasts of many connections and cooperation with universities throughout the globe, backed by the century-long history of SJTU, which prepares our IMBA graduates to meet the needs of economic globalization with both solid professional experience and modern managerial theories.
