### Information on bedding for foreign student apartments

Dear international students:

Hello, welcome to study at Shanghai Jiao Tong University. We wish all the students from all over the world all the best and have a wonderful and unforgettable time in their studies in China.

The dormitory is an important place for students to study and live. In order to create a good resting and sleeping environment for all students, the school has selected the best from many options, and recommends a bedding service provider: Hangzhou West Lake Bedding Co., Ltd. for all students. You can also go to the mall or online store around the school to buy it yourself.

Hangzhou West Lake Bedding Co., Ltd.: is a factory specializing in the production of bedding for student dormitories. The company has provided dormitory bedding for more than 100 universities in Shanghai and Zhejiang. The company's products are of excellent quality and have been strictly tested by the local quality inspection department before leaving the factory. Bedding for students in Shanghai will be directly supplied to students after the Shanghai Fiber Testing Institute has tested and issued a test report. The company's products are recommended by schools and are directly supplied by the factory without intermediate sales links.
